Participant 001

Thank you for taking part in this trial!

Your ranking

We did not receive your final evaluation. Below you can see how the other participants ranked the options you tested.

How all 75 participants ranked your three options

1	Option B Hybrid 03	●●●●●●○○○○	57 points
2	Option A Hybrid 02	●●○○○○○○○○	24 points
3	Option C Hybrid 05	●●○○○○○○○○	19 points

Points show the chance that each option wins against the other two, from the answers of all participants. The three options share 100 points.

Your answers by trait

	▲ Best	▽ Worst
Overall preference [Agronomic Performance]	-	
Germination [Vegetative]	▲ Option B	▽ Option A
Diseases resistance [Vegetative]	-	
Drought tolerance [Vegetative]	▲ Option A	▽ Option B
Fall armyworm resistance [Vegetative]	-	
Diseases resistance [Reproductive]	-	
Drought tolerance [Reproductive]	▲ Option B	▽ Option C
Fall armyworm resistance [Reproductive]	▲ Option A	▽ Option C
Maturity [Agronomic Performance]	-	
Yield [Agronomic Performance]	-	
Grain size [Agronomic Performance]	-	
Grain colour [Agronomic Performance]	-	
Taste [Agronomic Performance]	-	
Marketability [Agronomic Performance]	-	

The options in this trial may not be released yet. Release can take time or may not happen. Thank you for being part of this scientific test.

Participant 002

Thank you for taking part in this trial!

Your ranking

How all 75 participants ranked your three options

1	Option B Hybrid 08	●●●●○○○○○○	38 points
2	Option A Hybrid 02	●●●●○○○○○○	35 points
3	Option C Hybrid 05	●●●○○○○○○○	27 points

Points show the chance that each option wins against the other two, from the answers of all participants. The three options share 100 points.

Your answers by trait

	▲ Best	▽ Worst
Overall preference [Agronomic Performance]	Option C	Option B

The options in this trial may not be released yet. Release can take time or may not happen. Thank you for being part of this scientific test.

Participant 022

Thank you for taking part in this trial!

Your ranking

How all 75 participants ranked your three options

1	Option A Hybrid 08	●●●●○○○○○○	44 points
2	Option B Hybrid 05	●●●○○○○○○○	31 points
3	Option C Hybrid 07	●●○○○○○○○○	24 points

Points show the chance that each option wins against the other two, from the answers of all participants. The three options share 100 points.

Your answers by trait

	▲ Best	▽ Worst
Overall preference [Agronomic Performance]	▲ Option C	▽ Option A

Yield [Agronomic Performance]	Option C	Option A
Grain size [Agronomic Performance]	Option B	Option A
Grain colour [Agronomic Performance]	Option B	Option C
Taste [Agronomic Performance]	Option A	Option C
Marketability [Agronomic Performance]	Option A	Option C

The options in this trial may not be released yet. Release can take time or may not happen. Thank you for being part of this scientific test.

Participant 043

Thank you for taking part in this trial!

Your ranking

We did not receive your final evaluation. Below you can see how the other participants ranked the options you tested.

How all 75 participants ranked your three options

1	Option C Hybrid 02	●●●●○○○○○○	42 points
2	Option A Hybrid 05	●●●○○○○○○○	32 points
3	Option B Hybrid 04	●●●○○○○○○○	26 points

Points show the chance that each option wins against the other two, from the answers of all participants. The three options share 100 points.

Your answers by trait

	▲ Best	▽ Worst
Overall preference [Agronomic Performance]	-	
Germination [Vegetative]	▲ Option B	▽ Option A
Diseases resistance [Vegetative]	▲ Option C	▽ Option A
Drought tolerance [Vegetative]	-	
Fall armyworm resistance [Vegetative]	▲ Option A	▽ Option C

How all 75 participants ranked your three options

1	Option B Hybrid 08	● ● ● ● ○ ○ ○ ○ ○ ○	40 points
2	Option C Hybrid 02	● ● ● ● ○ ○ ○ ○ ○ ○	37 points
3	Option A Hybrid 07	● ● ○ ○ ○ ○ ○ ○ ○ ○	22 points

Points show the chance that each option wins against the other two, from the answers of all participants. The three options share 100 points.

Your answers by trait

	▲ Best	▽ Worst
Overall preference [Agronomic Performance]	-	
Germination [Vegetative]	▲ Option C	▽ Option B
Diseases resistance [Vegetative]	▲ Option B	▽ Option A
Drought tolerance [Vegetative]	-	
Fall armyworm resistance [Vegetative]	▲ Option B	▽ Option A
Diseases resistance [Reproductive]	▲ Option C	▽ Option B
Drought tolerance [Reproductive]	▲ Option C	▽ Option A
Fall armyworm resistance [Reproductive]	▲ Option B	▽ Option A
Maturity [Agronomic Performance]	-	
Yield [Agronomic Performance]	-

The options in this trial may not be released yet. Release can take time or may not happen. Thank you for being part of this scientific test.

Participant 084

Thank you for taking part in this trial!

Your ranking

How all 75 participants ranked your three options

1	Option A Hybrid 03	●●●●●●○○○○	58 points
2	Option C Hybrid 08	●●●○○○○○○○	27 points
3	Option B Hybrid 04	●●○○○○○○○○	15 points

Points show the chance that each option wins against the other two, from the answers of all participants. The three options share 100 points.

Your answers by trait

	▲ Best	▽ Worst
Overall preference [Agronomic Performance]	▲ Option A	▽ Option B
Germination [Vegetative]	▲ Option A	▽ Option B

The options in this trial may not be released yet. Release can take time or may not happen. Thank you for being part of this scientific test.

Participant 105

Thank you for taking part in this trial!

Your ranking

We did not receive your final evaluation. Below you can see how the other participants ranked the options you tested.

How all 75 participants ranked your three options

1	Option A Hybrid 06	●●●●○○○○○○	41 points
2	Option B Hybrid 08	●●●○○○○○○○	31 points
3	Option C Hybrid 02	●●●○○○○○○○	28 points

Points show the chance that each option wins against the other two, from the answers of all participants. The three options share 100 points.

Your answers by trait

	▲ Best	▽ Worst
Overall preference [Agronomic Performance]	-
